

Big Labor Federation Listens To Address By The President

Chief Executive Points The Way For All Americans In The Present Crisis; We Must Win The War Now

PRESENT NO TIME FOR PEACE TALKING

(By United Press)
Convention Hall, Buffalo, Nov. 12.—Asking that he be regarded as a citizen speaking words of counsel, the Chief Executive of the United States, President Wilson, today asked the representatives of labor to join with the other people of America in "a new and higher platform." "We have come to the deciding hour between the old principle of power and the new principle of freedom," his address was delivered before representatives of labor from all parts of the country attending the opening session of the American Federation of Labor. The President reviewed the German situation before the war. He declared "that Germany had a place in the sun, and what more could she want. She wanted success by authority not by achievement."

"This authority," the President said, "was to extend to domination of labor." "The pacifists," he added, "are as true as the dreamers in Russia, and my heart is with them, but my mind is against them. I want peace but I know how to get it, they don't. I have sent Colonel House one of the greatest peace advocates in the war not on a mission of peace but to see that the war is won." Turning to labor he said, "If we want to win we must see that there is progress in the maximum of labor production. We must see that labor is free in doing its duty. We must see that the things by which labor progresses are not blocked. It is to that end that I have had so many pleasant conferences with labor."

Declaring the mob spirit in displaying itself in this country the President branded "those who take the laws into their own hands as unworthy representatives of our Democracy. I despise and hate the processes of the group of men the mob spirit is directed against, but I hate the men just as much who divert justice from its proper channels." These remarks brought applause from the delegates.

The President said he was glad to be away from Washington for a while because so many people in Washington who do not know what they are doing. In conclusion the President said "I am with you as you are with me."

This is the first time in history that the Chief Executive of the United States had directly talked to national labor representatives.

At the opening of the session Pres-

ident A. A. Landon, of the Chamber of Commerce and an associate of Harold Coffin in building America's aerial fleet asked if there were any German agents in the audience.

"The German propagandists may be found among you," he said. They were in the British parliament, in the Italian and French Chamber of Deputies and then to Greece by the throat and if such is the case they are with us, too.

"America's efficiency has decreased from 20 to 6 per cent since America entered the war. If this continues," he declared, "what Germany did to Belgium is only a side show of what she will do to us."

Landon criticized international wrangling. "It has a lot to do with continuing the war. You will murder your own flesh and blood in trenches. British labor refused to give up their usual holidays early in the war causing thousands of lives to be lost for the lack of ammunition," Landon declared.

ROUNDED UP MISSING AUTO

Policeman Eadie was notified by a Phillipsburg garage owner to be on the lookout for an automobile which was taken from his place of business on Saturday night, and after a short search found the purloined machine on Second street in front of Jordan's cafe, a subject for the hospital Sunday morning.

Search for the occupants of the machine located them at The Dimeling and when the chauffeur was taken in tow he told his story, explanations were in order over the telephone and the affair fixed up. It seems that one of the employees of the garage took the machine out in the absence of the owner for a trip to Clearfield and broke an axle on the trip over, and they were unable to get back before the auto was missed.

The car was hauled to a local garage for repairs and the five young men who made the trip over went back in the train.

PATROL VESSEL AGROUND

Washington, Nov. 12.—A small American patrol vessel is aground off the American coast, the Navy Department was advised this afternoon. Relief messages were immediately ordered.

Shoplifter Comes To Grief When He Offers To Trade Right For Left

Glove Expert Swiped Pair of "Rights" Saturday And Goes Back For a Trade This Morning

William Caldwell, one of the gentlemen of color "Simon Legree" Reilly, rafted up from the sunny south to work in the Harrison-Walker brick works, went into Leitinger Bros. store Saturday morning and becoming greatly enamored of a pair of \$6.00 gloves on display succeeded in getting a pair of them into his pocket while the clerks were looking the other way. Bill beat it with his plunder and when he loaded up his glad rags to make a splash on Sunday hauled out the new gloves to complete his scenic embellishment.

Imagine Bill's chagrin and disappointment in the realization that his effort was a case of love's labor lost when he discovered that instead of being properly mated the gloves were both for the right hand.

Bill went into executive session with himself over the difficulty and finally solved the problem by deciding to lay off work this morning and come right up to the store early and have one of the stolen gloves exchanged for one of his own. He nervously approached one of the young lady clerks and offered the glove for exchange but the clerk called John Leitinger

as the men's gloves were not in her department.

Alas for Bill's scheme. The gloves happened to be of a lot just received Saturday and upon which no price had been fixed. Suspecting the manner in which the con had secured the gloves Mr. Leitinger questioned him as to price, etc. and when he found the game was up Bill beat it for the street.

Officer Eadie was quickly located and soon had the glove man in tow and after some persuasion forced him to produce both gloves and turn them over to the store. He was then allowed to go after promising to never offend along that line again.

BOYS DAMAGING PARK PROPERTY

Those boys who have been stoning, damaging and destroying fences and buildings at the park are known and will likely be called upon to settle for the damage done. Parents kindly caution your boys against these little depredations at the park. The association does not wish to make trouble for you but will have to unless these abuses cease at once.

CLEARFIELD GIRL MARRIED AT AKRON

Mr. and Mrs. Andrew Scog, of South Fourth street, announce the marriage of their daughter Mary Lucinda, to Royden C. Shaffer, at Akron, Ohio, on Saturday evening, October, 27, 1917. The ceremony was performed in the First Presbyterian church by the pastor Rev. McCormick.

The bride has many friends in Clearfield who wish her unbounded happiness. The groom is in the army training camp at Camp Sherman and Mrs. Shaffer will make her home in Akron until the war is over.

KERENSKY BOUND TO WIN

By Robert J. Ender
Washington, Nov. 12.—That the Bolshevik revolution in Russia is collapsing was the word received at the State Department today. Official messages received through Persia said that Kerensky had reached army headquarters and that the uprising of the Bolsheviks will be "short lived."

That the Maximist-Bolshevik menace will be permanently disposed of by Kerensky in the next few days or possibly sooner, Russian officials declared today. It is evident that Kerensky and the loyal army will sweep aside all revolting elements.

NOTHING TOO GOOD FOR THE IRISH

Washington, Nov. 12.—The first naval medal of honor awarded during the present war was announced by Secretary Daniels as the reward of Patrick McGuinag of Youngstown, O., who rescued a pilot of a balloon which was struck by a squall in the submarine zone. The balloon was being used for observation purposes by a United States cruiser. The pilot was saved by McGuinag from the submersible basket of the balloon.

WILL SEIZE FOOD

Washington, Nov. 12.—Millions of dollars worth of food stored by neutrals and suspected German agents in the vicinity of New York City will be seized unless voluntarily given up, it was officially stated by the Food Administration today.

FORMER CLEARFIELDER DIES IN GEORGIA

News has been received of the death of Elmer E. Fulton, which occurred at his home at Atlanta, Ga., on Nov. 10.

Mr. Fulton was 56 years of age. He leaves to survive him a widow, two brothers and one sister, T. N. Fulton of Lawrence township, E. Ross Fulton of Marysville, Kansas, and Mrs. J. F. McGeorge of Eureka, California.

STOCK MARKET STRONGER

New York, Nov. 12.—The stock market opened strong today following encouraging news from Russia and Italy. United States steel opened at 93 1-2 to 94 up - and 1 1-2.

NELSON-CANBERG

John Herbert Nelson and Miss Josephine Canberg motored over from Ansonville Monday morning, and were married in the Presbyterian Manse by Dr. E. C. Reeve. They were accompanied by Mr. William Strong, and Ralph Canberg. After a short visit at Ansonville, the happy couple will drive through to Swissvale, their future home, where Mr. Nelson has a lucrative position.

ART EXHIBIT

The Woman's Club has been fortunate in securing the services of Mr. Ralph H. Burfoot who will exhibit his oil and water color paintings in the library of the new high school Wednesday, Thursday and Friday of this week. Mr. Burfoot, whose summer home is in Luthersburg, is an artist of note and his collection includes some of the wonderful scenery of this county. The exhibition will be free to all those who care to see these beautiful paintings. Mr. Burfoot was the artist who painted the portraits of Ex-Judge McNally, Gordon and Krebs which hang in the court room.

HOLDING COURT AT GREENSBURG THIS WEEK

Owing to the illness of both Judges Doty and Coleman, Judge Singleton Bell was summoned to Greensburg this morning to preside over this week's session of Westmoreland county's criminal court.

James Mahaffey, Mrs. Blanche Stevenson, Mr. and Mrs. Robert Callahan and Miss Catherine Toot motored to Brookville yesterday and finding the day so beautiful had a delightful picnic dinner at the Fair Grounds.

FOUR AMERICAN SOLDIERS TAKEN BY GERMANS

These four American boys, who recently went to France with General Pershing's forces, were among the eleven Americans captured by German soldiers in their raid on the American trenches. Private Herman Goldrey of 709 North Ridgeway avenue, Chicago was inspired by General Joffre's visit to that city to enlist. Private Dewey D. Kern of Collins, Iowa joined the army May 8 of this year. Private Harry R. Loughman of 461 Oakwood Boulevard, Chicago, has a brother now training in Texas to go to the front, and his father, Steven H. Loughman, wants to go to fight in the trenches to avenge the capture of his boy. Private P. W. Grigsby of Louisville was the youngest of the Americans captured. He enlisted in the army with the consent of his parents before he was eighteen years old.

Automobile Collides With Telephone Pole

Lucky Automobile Accident On West Market Street Sunday Morning

An Overland automobile driven by R. B. Helsel struck a telephone pole on West Market street yesterday morning with force sufficient to split the pole from about the middle to the top as though it had been struck by lightning. Helsel with a couple of young men companions had arranged to go to the mountains yesterday and came down Turnpike avenue and onto Market street on their way to this side to pick up the fourth member of their party. The morning was quite foggy and as they neared Boger's store a milk wagon loomed up out of the fog immediately in front of them.

On account of the scarcity and high price of milk a collision with that wagon was simply out of the question and Helsel ran his car up over the curb and mowed down one of Boger's small shade trees and banged into that telephone pole before one could say Jack Robinson, even though one wanted to. The impact splintered the pole, the crash being heard a block away.

The car was equipped with a bumper and while the bumper did the bumping it also absorbed the force of the blow, with the result that the occupants escaped injury and aside from the breaking of a lamp and the ripping of the radiator in two or three places, the machine was alright and beat it for the repair shop under its own power, but the trip to the mountains was off.

Keep Smallpox Out

The Board of Health respectfully urges that Clearfield people take every precaution against the possible introduction of small pox into this community. There are many cases of this loathsome disease at our neighboring village of Blue Ball and in consequence grave danger of infection. Be prudent and careful and if you have not been vaccinated successfully within the past five years, you had better have that matter attended to.

While on this subject of public health, we would also ask our people to take advantage of the present fine weather and clean up about their premises. Clean the garden of all decaying vegetables. They are disease producers. Do not wait until spring. DO IT NOW.

By Order of Board,
C. G. WILSON, Secy.

Third Women Injured In Automobile Runoff

Mrs. Andrew Powell, Mrs. Alfred Jury and Miss Sarah Lawhead Hurt When Automobile Gets Away On Hill

An automobile accident occurred at Woodland last evening about 7:30 o'clock in which Mrs. Andrew Powell, of Melbridge street was quite seriously injured and Mrs. Alfred Jury and Sarah Lawhead received painful cuts and bruises. Yesterday Mr. and Mrs. Jury, Mrs. Powell, Sarah and Lillie Lawhead and Lincoln Smith went down to Mr. Jury's parents' home in Girard township to spend the day. On their return trip and while descending the steep hill into Woodland the brake broke and the automobile and its load of human freight dashed down the hill at a terrific rate of speed. Mr. Jury made every effort to stop the car but was unable to do so until it smashed into the Harrison-Walker Company store at the foot of the hill.

Shortly after the car started on its wild ride the women folks jumped out. Mrs. Powell was thrown on her head into the ditch alongside the road and striking a rock in her fall received serious injuries. It is feared her skull is fractured. Mrs. Jury and Miss Sarah Lawhead were also cut and bruised by being thrown to the ground when they jumped. Mr. Smith and Lillie Lawhead escaped without injury as did Mr. Jury who stuck to the machine until it fetched up against the building.

Another machine was secured and the injured brought to their homes here. Mrs. Powell has since remained in a semi-conscious condition and it will be several days before the extent of her injuries can be determined. Mrs. Jury and Miss Lawhead were not badly hurt.

B. R. & P. INSPECTION

President William T. Noonan, of the Buffalo, Rochester & Pittsburgh Railway, accompanied by the Board of Directors, is making the usual Fall inspection trip over the company's property this week.

The party left Rochester on a special train Monday morning. It is expected that the inspection will close at Rochester, Thursday night.

WOODLAND NEGRO DIES

Tom Betts, the Woodland negro, died at the hospital yesterday evening.

Advertise in the Progress

Big Y. M. C. A. Fund Must Be Raised Here This Week

Huge Campaign Now Well Under Way Throughout The State And Nation And Clearfield Will Not Lag

ENTHUSIASTIC MEETINGS HELD YESTERDAY

The mass meeting in the High School Sunday afternoon was addressed by Dr. F. W. Hays of New Beth-

lehem who made a strong plea for the cause for which America stands in this terrible world war and showed the ideals of the Prussian people and how the nations of the world are having to suffer because of what they have been teaching their children for a generation.

Dr. Hays believes that 5 million of our boys will be required to fight in France and that conditions in camps and prisons of our enemies are desperate and that the available agency which is being allowed to communicate with prisoners and which is authorized by our allies to stand as home, church and school is the Y. M. C. A. in the camps. Keeping the soldiers from becoming homesick and in physical trim to do their best in the service, and to return to their homes well and strong in the service the Y. M. C. A. is doing.

Dr. Hays and many other ministers thru the entire land are devoting their time and effort in this movement who have never been associated with any Y. M. C. A. work for they see that this is the work of the Christian people and the nation is responsible if we are to respond to appeals from General Pershing and President Wilson.

At the close of the meeting Judge A. O. Smith was made chairman of the County committee exclusive of the DuBois district and the following Executive committee was appointed:

J. B. Neveling Fred G. Betts
A. K. Wright Leslie Stewart
B. M. East Wm. Shreve
A. J. Musser E. V. Brown
Wm. Sheeder M. M. Overly

Charles T. Kurtz was appointed to organize the town and plan of organization is well under way.

The High school Glee club rendered three appropriate numbers at the afternoon meeting.

The ministers have recognized in this a wonderful opportunity to assist in giving the boys at the front the comforts and privileges so much needed.

Bustling, energetic "teams" of ten men start out today in every community in Pennsylvania, just as they do in every other community in the United States, to do their share in raising a fund of at least \$35,000,000, and as much more as possible, to hasten a conclusive victory for America and her allies.

This is to be accomplished by the Young Men's Christian association through its numberless activities designed to promote efficiency among the troops in the field by keeping them in good physical, mental and moral health and so promoting a fighting spirit that will drive the German into the Rhine in the shortest possible time.

The practical value of the Y. M. C. A. war work has been so conclusively demonstrated by the experience of Great Britain and her colonies ever since the war began that it is no longer open to debate. If the Y. M. C. A. spent as much money proportionately in promoting efficiency in army and navy as the Australian branch of the organization our bill to July 1, 1918, would be \$57,000,000 instead of \$35,000,000.

The practical military value of Y. M. C. A. war work is fully understood by Pennsylvania business men and they are supporting it as they have never supported any other public movement.

Financiers, captains, of industry, leaders in every walk of life, many of whom have never before had anything to do with the Young Men's Christian association, men who have never before permitted the use of their names in connection with any money raising campaign for any organization or purpose, have cheerfully laid aside their business to devote all the time they seemed necessary to organizing and directing the present effort to raise funds to conduct the war work of the Y. M. C. A. And they have not forgotten to start the subscription lists themselves.

The "teams" will meet daily at noon except Sunday until November 19, to report, compare notes, give and receive advice and suggestions, while they eat luncheons which will be paid for out of their own pockets and not out of the money contributed. All hands will work on the eight hour system—eight hours twice a day until the greatest possible sum is raised; for \$35,000,000 is the minimum; not the full amount that can be spent to the advantage of the Nation and the world.

Berlin, via London, Nov. 12.—Ten thousand Italian soldiers were captured in the German-Austro advance in the upper Piave River sector, the war office statement declared today.

The little village of Woodland got in the news again Sunday with a shooting scrape among the colored brickyard workers located at that place. Yesterday morning at 9 o'clock a shot was heard in one of the negro boarding houses and investigation disclosed the fact that Tom Betts, an Alabama negro, who had been at Woodland for the past two months, had suffered a puncture about an inch below the heart and was in a serious condition.

The authorities were notified and Constable Barger and Sheriff McCloskey were soon on the scene.

There were eight or nine negroes in the boarding house when the shooting occurred and as no two, including the injured man, told the same story, five of the men were placed under arrest and were brought to jail while Betts was taken to the Clearfield hospital.

When questioned by Sgt. Young, of the Buck works, Betts said he would tell him all about the happening after he got well again, and then at the prompting of a second negro said he had shot himself.

His story was that Will Harris had

ten a conclusive victory for America and her allies.

This is to be accomplished by the Young Men's Christian association through its numberless activities designed to promote efficiency among the troops in the field by keeping them in good physical, mental and moral health and so promoting a fighting spirit that will drive the German into the Rhine in the shortest possible time.

The practical value of the Y. M. C. A. war work has been so conclusively demonstrated by the experience of Great Britain and her colonies ever since the war began that it is no longer open to debate. Another Shooting Match Occurs At Woodland Sunday Morning

Tom Betts, Alabama Negro, In Serious Condition At The Hospital From Bullet Wound In Breast

The little village of Woodland got in the news again Sunday with a shooting scrape among the colored brickyard workers located at that place. Yesterday morning at 9 o'clock a shot was heard in one of the negro boarding houses and investigation disclosed the fact that Tom Betts, an Alabama negro, who had been at Woodland for the past two months, had suffered a puncture about an inch below the heart and was in a serious condition.

The authorities were notified and Constable Barger and Sheriff McCloskey were soon on the scene.

There were eight or nine negroes in the boarding house when the shooting occurred and as no two, including the injured man, told the same story, five of the men were placed under arrest and were brought to jail while Betts was taken to the Clearfield hospital.

When questioned by Sgt. Young, of the Buck works, Betts said he would tell him all about the happening after he got well again, and then at the prompting of a second negro said he had shot himself.

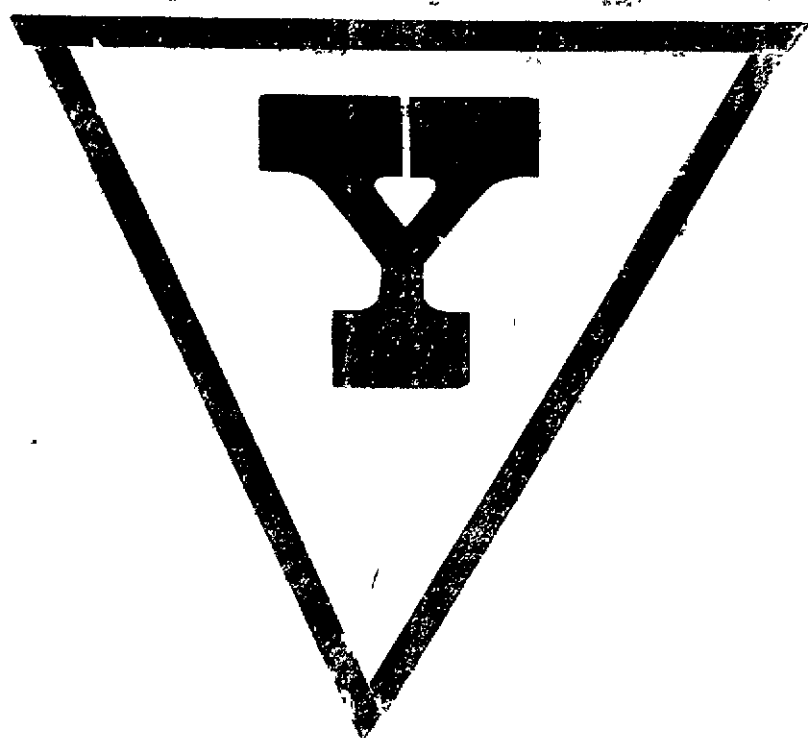

His story was that Will Harris had

a revolver which Will Davis was looking at and after inspecting same Davis handed the gun to Betts and while he was examining it, not knowing it was loaded, he pulled the trigger and sent a bullet crashing into his breast.

District Attorney Welch was notified and immediately began an investigation. He visited Betts at the hospital before the doctor began an operation for the removal of the bullet and attempted to get an ante-mortem statement from him, but as the injured man refused to believe he was dangerously injured or was going to die, the statement was of little value in case of Betts' death and subsequent discovery that the shooting was not accidental.

The inmates of the house are very close mouthed over the happening but the theory of accidental shooting is not believed by the authorities, and it is thought to have been the result of a fight between Betts and another man, and the suspects in custody have been given a careful grilling before being let go.

The doctors say that Betts' is exceedingly dangerous, and chances for his recovery are slight.

of DuBois, motored to Clearfield yes-
terday and took supper with Mr.
Hoover's mother, Mrs. Mary Hoover
and family on Daisy street. Mr. and
Mrs. Hoover will leave next Sunday
for Minnesota.

MANY BOYS WILL ADOPT FATH-
ERS ON NOVEMBER 15TH

According to the program no boy
will be admitted to the Father and
Son Banquets to be held in the
churches throughout the State, on
Father and Son Day, Thursday, No-
vember 15th, unless he is accompa-
nied by a man, and no man will be ad-
mitted unless accompanied by a boy—
his or someone's else.

Many fatherless boys are conse-
quently planning to "adopt" fathers
for that night in order to attend one
of the big banquets.

'Thousands of banquets will be held
in the Sunday-Schools of the state.
The banquets will be of a patriotic
cast, owing to meat being eliminated
from the menu.

The same general program will be
followed in all the banquets. The
theme will be "Success in Life—Some
Things That Enter In to Make It."
There will be talks by boys as well as
by the fathers.

The outstanding feature of the pro-
gram will be the introduction of a
great wartime movement for teen age
boys and girls, to be known as the
"Bin-Wac Home Guards." The pur-
pose of the movement is to challenge
boys and girls to safeguard the home
ideals while our soldiers fight for
these same ideals on the battlefields
of Belgium and France.

The observance of the day will be-
gin in churches and Sunday schools
the Sunday preceding November 15th.
In the morning service, pastors will
preach to parents a special sermon on
"Boyhood."

In the Sunday-school the day will
be observed by a special program
which will be largely in the hands of
the boys.

The climax will be reached on
Thursday night, the 15th, when thou-
sands of fathers and sons will gather
together in the churches in a great
series of meatless, patriotic Father
and Son Banquets.

In order that the banquets are pur-
poseful in character, and that the
greatest amount of permanent good
may result, the Pennsylvania State
Sabbath School Association, of 1511
Arch Street, Philadelphia, has pre-
pared a comprehensive program to all
local church Father and Son Day
Committees, in planning for the ob-
servance of the day.

TO INSPECT THE MISSISSIPPI

St. Louis, Mo., Nov. 12—The mem-
bers of the Mississippi River Commis-
sion will meet for their usual Feb-
ruary session on the steamer Mississippi
here tomorrow. Following the ses-
sion the commission will begin an in-
spection trip from St. Louis to New
Orleans and will give public hearings
at points along the route on matters
connected with the improvement of
the river.

BAZAAR AND LUNCH

The Ladies Aid society of the E. E.
Lynch street M. E. church will hold a
bazaar and serve a lunch at their
church on Friday evening, November
30.

WOMAN'S CLUB ATTENTION

The members of the Woman's Club
will meet at the Red Cross rooms to-
morrow at 2 o'clock.

Misses Julia Bell and Helen Duff
who have been attending fraternal
house parties at State College return-
ed home this evening.

SLUMP IN AUTO
LICENSES HITS
STATE CAPITAL

October of This Year Fell Be-
low Last Year in Revenue
Collected by Highway Dept.

HIGH COST O'LIVIN IS BUSY

Harrisburg, Nov. 10.—It may be
Liberty Bonds; it may be the rising
price of gasoline; it may be H. C.
O'Livin, or it may just be due solely
to that force and merciless strategists'
Old General War Conditions. But
whatever the cause, the fact remains
that the Pennsylvania State Highway
Department already is seeing signs
that next year will bring a pronoun-
ced slump in the number of automobile
licenses and, correspondingly, in the
amount of cash receipts therefrom.
This has been expected.

During October, 1916, the Auto-
mobile Division took in \$34,652 for li-
censes for 1917, ordered in advance by
the board. Last month the corre-
sponding receipt for the new 1918 li-
censes ran to only \$32,960. This is
the first time such a slump has been
noted in advance. The slump this
year from last year is not merely a
total cash receipts but in the individ-
ual number of cars, too. It may, of
course, be simply a coincidence; but
state officials think not; they believe
that the 1918 accounts will fall be-
hind the 1917 figures as a regular
thing.

If this belief prove true, the year
1917 will continue to carry the bac-
ter for some time, for all records
long ago went by the board. Indica-
tions for a while were that 1917 would
run a million dollars ahead of 1916 in
total receipts, but the excess will be
not quite that big.

Total receipts for 1917, to Novem-
ber 1, were \$3,247,147.50, compared
with \$2,304,818.50 for the first ten
months of 1916. Licenses recently
have been bringing in from \$1,000 to
\$1,500 per day but that average will
not be maintained; daily receipts, of
course, will grow less and less as the
year-end approaches. It is probab-
ly that the year's grand total will run
to \$3,270,000.

Even so, the automobile license re-
venue is one of the biggest items in
the state's receipts. Annual receipts
have mounted steadily ever since 1904,
when the licensing was first started
simply as a police measure. Receipts
that year were less than \$40,000. Last
year, when the \$2,000,000 mark was
passed, the item attracted attention
which was by no means confined to
Pennsylvania.

Glass of Hot Water
Before Breakfast
a Splendid Habit

Open sluices of the system each
morning and wash away the
poisonous, stagnant matter.

Those of us who are accustomed to
feel dull and heavy when we arise;
splitting headache, stuffy from a cold,
foul tongue, nasty breath, acid stom-
ach, lame back, can, instead, both look
and feel as fresh as a daisy always by
washing the poisons and toxins from
the body with phosphated hot water
each morning.

We should drink, before breakfast,
a glass of real hot water with a tea-
spoonful of limestone phosphate in
it to flush from the stomach, liver,
kidneys and ten yards of bowels the
previous day's indigestible waste, sour
bile and poisonous toxins; thus cleans-
ing, sweetening and purifying the en-
tire alimentary tract before putting
more food into the stomach.

The action of limestone phosphate
and hot water on an empty stomach is
wonderfully invigorating. It cleans
out all the sour fermentations, gases,
waste and acidity and gives one a
splendid appetite for breakfast and
it is said to be but a little while until
the roses begin to appear in the
cheeks. A quarter pound of limestone
phosphate will cost very little at the
drug store, but is sufficient to make
anyone who is bothered with bilious-
ness, constipation, stomach trouble or
rheumatism a real enthusiast on the
subject of internal sanitation. Try
it, and you are assured that you will
look better and feel better in a very
short way.

CHICHESTER'S PILLS

THE DIAMOND BRAND
Ladies! Ask your Druggist for
Chichester's Diamond Brand
Pills in Red and Gold wrapper.
They will cure you of all
Bowel and Bladder troubles.
Take no other. Buy only
Chichester's Diamond Brand Pills.
SOLD BY DRUGGISTS EVERYWHERE

Meat forms uric acid which excite
and overworks the kidneys in their ef-
forts to filter it from the system. Reg-
ular meat eaters must flush the kid-
neys occasionally. You must relieve
them like you relieve your bowels; re-
moving all the acids, waste and poi-
son, else you feel a dull misery in the
kidney region, sharp pains in the back
or sick headache, dizziness, your stom-
ach sour, tongue is coated and when
the weather is bad you have rheumat-
ic twinges. The urine is cloudy, full
of sediment; the channels often get
irritated, obliging you to get up two
or three times during the night.

To neutralize these irritating acids
and flush off the body's urinous waste
get about four ounces of Jad Salts
from any pharmacy; take a table-
spoonful in a glass of water before
breakfast for a few days and your kid-
neys will then act fine and bladder
disorders disappear. This famous salts
is made from the acid of grapes and
lemon juice, combined with lithia, and
has been used for generations to clean
and stimulate sluggish kidneys and
stop bladder irritation. Jad Salts is
inexpensive; harmless and makes
delightful effervescent lithia-water
drink which millions of men and wom-
en take now and then, thus avoiding
serious kidney and bladder diseases.

COST OF MAKING LOVE
RAISED BY GOVERNMENT

Taxes Hit Every Phase of Love-Mak-
ing Except Kisses, Which Re-
main at the Same Price

The government has "socked" on the
new war tax. With it the cost of
courtship goes up. The new tax hits
every phase of lovemaking except the
kisses. They will remain at the same
price. The government did not tax
them, believing probably, that they
are already expensive enough. Here's
the bad news, Lothario:

Three-cent stamps on love letters.
Ten cents extra for theatre tickets.
Additional price for phone calls
over the 15-cent rate.

Ten per cent. on movie tickets.
Increase in taxi rate.
War tax on cigars for father.

Ten per cent. increase on engage-
ment rings.
Special war stamp on marriage li-
censes.

Tax on honeymoon tickets.
No more time to do your matrimo-
nial shopping at the old rate.

Eight per cent. increase on railroad
tickets over 30 miles.
Engagements at the front will be
much cheaper than those at home.
Young man, join the army.

TAKE SALTS TO
FLUSH KIDNEYS

Eat less meat if you feel Backache
or have Bladder trouble

Meat forms uric acid which excite
and overworks the kidneys in their ef-
forts to filter it from the system. Reg-
ular meat eaters must flush the kid-
neys occasionally. You must relieve
them like you relieve your bowels; re-
moving all the acids, waste and poi-
son, else you feel a dull misery in the
kidney region, sharp pains in the back
or sick headache, dizziness, your stom-
ach sour, tongue is coated and when
the weather is bad you have rheumat-
ic twinges. The urine is cloudy, full
of sediment; the channels often get
irritated, obliging you to get up two
or three times during the night.

To neutralize these irritating acids
and flush off the body's urinous waste
get about four ounces of Jad Salts
from any pharmacy; take a table-
spoonful in a glass of water before

TO CONSIDER TAX QUESTIONS

Atlanta, Ga., Nov. 12—The eleventh
annual conference of the National
Tax association in Atlanta this week
promises to attract more than ordi-
nary attention because of the many
and important new problems of tax-
ation that have arisen with the war.
Meeting in conjunction with the as-
sociation will be the first session of the
congress of states to work out plans
for county between the Federal gov-
ernment and the states with regard
to tax matters. The idea of the con-
gress of states, originated with the
California Tax commission. On its
recommendation the California legis-
lature formally ratified a proposal for
a meeting of all the states to discuss
the overlapping in tax jurisdictions
of the Federal and state governments.
A large majority of the states have
given the movement official endorse-
ment and have arranged for represen-
tation at the meeting here this week.

PUTS KIBOSH ON GERMAN
OPERA

New York, Nov. 12—German song
birds and the works of German com-
posers have been eliminated by the
management of the Metropolitan
Grand Opera company from the pro-
gram prepared for the annual season
which is to be ushered in at the Me-
tropolitan Opera House tonight. The
opera this year is to be given an
American flavor to a greater extent
than ever before. The appearance of
six new American women singers and
the production of five operas and
ballerina to New York—one of the
operas and the ballerina the work of
American composers—will add inter-
est to the season.

JUBILEE OF WOMAN'S MISSIONS
BOARD

Boston, Mass., Nov. 12—The com-
pletion of fifty years of missionary
work for the women of non-Christian
lands is to be celebrated by the Wom-
an's board of Missions at a grand ju-
bilee meeting in Boston this week. It
was in this city, in the chapel of the
famous Old South church, that a
group of forty representatives of wom-
en met to organize the Women's Foreign
Missionary society of New England,
which later became the Woman's
Board of Missions of the General
church.

order, to present at the cars, from any one of the
three stores as no money will be accepted at the cars.

Remember to bring your own bags, boxes or
barrels. Watch tomorrow's paper for the date of
unloading.

Big Labor Federation Listens To Address By The President

Chief Executive Points The Way For All Americans In The Present Crisis; We Must Win The War Now

PRESENT NO TIME FOR PEACE TALKING

(By United Press)
Convention Hall, Buffalo, Nov. 12.—Asking that he be regarded as a citizen speaking words of counsel, the Chief Executive of the United States, President Wilson, today asked the representatives of labor to join with the other people of America in "a new and higher platform." "We have come to the deciding hour between the old principle of power and the new principle of freedom," his address was delivered before representatives of labor from all parts of the country attending the opening session of the American Federation of Labor. The President reviewed the German situation before the war. He declared "that Germany had a place in the sun, and what more could she want. She wanted success by authority not by achievement."

"This authority," the President said, "was to extend to domination of labor." "The pacifists," he added, "are as true as the dreamers in Russia, and my heart is with them, but my mind is against them. I want peace but I know how to get it, they don't. I have sent Colonel House one of the greatest peace advocates in the war not on a mission of peace but to see that the war is won." Turning to labor he said, "If we want to win we must see that there is progress in the maximum of labor production. We must see that labor is free in doing its duty. We must see that the things by which labor progresses are not blocked. It is to that end that I have had so many pleasant conferences with labor."

Declaring the mob spirit in displaying itself in this country the President branded "those who take the laws into their own hands as unworthy representatives of our Democracy. I despise and hate the processes of the group of men the mob spirit is directed against, but I hate the men just as much who divert justice from its proper channels." These remarks brought applause from the delegates.

The President said he was glad to be away from Washington for a while because so many people in Washington who do not know what they are doing. In conclusion the President said "I am with you as you are with me."

This is the first time in history that the Chief Executive of the United States had directly talked to national labor representatives.

At the opening of the session Pres-

ident A. A. Landon, of the Chamber of Commerce and an associate of Harold Coffin in building America's aerial fleet asked if there were any German agents in the audience.

"The German propagandists may be found among you," he said. They were in the British parliament, in the Italian and French Chamber of Deputies and then to Greece by the throat and if such is the case they are with us, too.

"America's efficiency has decreased from 20 to 6 per cent since America entered the war. If this continues," he declared, "what Germany did to Belgium is only a side show of what she will do to us."

Landon criticized international wrangling. "It has a lot to do with continuing the war. You will murder your own flesh and blood in trenches. British labor refused to give up their usual holidays early in the war causing thousands of lives to be lost for the lack of ammunition," Landon declared.

ROUNDED UP MISSING AUTO

Policeman Eadie was notified by a Phillipsburg garage owner to be on the lookout for an automobile which was taken from his place of business on Saturday night, and after a short search found the purloined machine on Second street in front of Jordan's cafe, a subject for the hospital Sunday morning.

Search for the occupants of the machine located them at The Dimeling and when the chauffeur was taken in tow he told his story, explanations were in order over the telephone and the affair fixed up. It seems that one of the employees of the garage took the machine out in the absence of the owner for a trip to Clearfield and broke an axle on the trip over, and they were unable to get back before the auto was missed.

The car was hauled to a local garage for repairs and the five young men who made the trip over went back in the train.

PATROL VESSEL AGROUND

Washington, Nov. 12.—A small American patrol vessel is aground off the American coast, the Navy Department was advised this afternoon. Relief messages were immediately ordered.

Shoplifter Comes To Grief When He Offers To Trade Right For Left

Glove Expert Swiped Pair of "Rights" Saturday And Goes Back For a Trade This Morning

William Caldwell, one of the gentlemen of color "Simon Legree" Reilly, rafted up from the sunny south to work in the Harrison-Walker brick works, went into Leitinger Bros. store Saturday morning and becoming greatly enamored of a pair of \$6.00 gloves on display succeeded in getting a pair of them into his pocket while the clerks were looking the other way. Bill beat it with his plunder and when he loaded up his glad rags to make a splash on Sunday hauled out the new gloves to complete his scenic embellishment.

Imagine Bill's chagrin and disappointment in the realization that his effort was a case of love's labor lost when he discovered that instead of being properly mated the gloves were both for the right hand.

Bill went into executive session with himself over the difficulty and finally solved the problem by deciding to lay off work this morning and come right up to the store early and have one of the stolen gloves exchanged for one of his own. He nervously approached one of the young lady clerks and offered the glove for exchange but the clerk called John Leitinger

as the men's gloves were not in her department.

Alas for Bill's scheme. The gloves happened to be of a lot just received Saturday and upon which no price had been fixed. Suspecting the manner in which the con had secured the gloves Mr. Leitinger questioned him as to price, etc. and when he found the game was up Bill beat it for the street.

Officer Eadie was quickly located and soon had the glove man in tow and after some persuasion forced him to produce both gloves and turn them over to the store. He was then allowed to go after promising to never offend along that line again.

BOYS DAMAGING PARK PROPERTY

Those boys who have been stoning, damaging and destroying fences and buildings at the park are known and will likely be called upon to settle for the damage done. Parents kindly caution your boys against these little depredations at the park. The association does not wish to make trouble for you but will have to unless these abuses cease at once.

CLEARFIELD GIRL MARRIED AT AKRON

Mr. and Mrs. Andrew Scog, of South Fourth street, announce the marriage of their daughter Mary Lucinda, to Royden C. Shaffer, at Akron, Ohio, on Saturday evening, October, 27, 1917. The ceremony was performed in the First Presbyterian church by the pastor Rev. McCormick.

The bride has many friends in Clearfield who wish her unbounded happiness. The groom is in the army training camp at Camp Sherman and Mrs. Shaffer will make her home in Akron until the war is over.

KERENSKY BOUND TO WIN

By Robert J. Ender
Washington, Nov. 12.—That the Bolshevik revolution in Russia is collapsing was the word received at the State Department today. Official messages received through Persia said that Kerensky had reached army headquarters and that the uprising of the Bolsheviks will be "short lived."

That the Maximist-Bolshevik menace will be permanently disposed of by Kerensky in the next few days or possibly sooner, Russian officials declared today. It is evident that Kerensky and the loyal army will sweep aside all revolting elements.

NOTHING TOO GOOD FOR THE IRISH

Washington, Nov. 12.—The first naval medal of honor awarded during the present war was announced by Secretary Daniels as the reward of Patrick McGuinal of Youngstown, O., who rescued a pilot of a balloon which was struck by a squall in the submarine zone. The balloon was being used for observation purposes by a United States cruiser. The pilot was saved by McGuinal from the submersible basket of the balloon.

WILL SEIZE FOOD

Washington, Nov. 12.—Millions of dollars worth of food stored by neutrals and suspected German agents in the vicinity of New York City will be seized unless voluntarily given up, it was officially stated by the Food Administration today.

FORMER CLEARFIELDER DIES IN GEORGIA

News has been received of the death of Elmer E. Fulton, which occurred at his home at Atlanta, Ga., on Nov. 10.

Mr. Fulton was 56 years of age. He leaves to survive him a widow, two brothers and one sister, T. N. Fulton of Lawrence township, E. Ross Fulton of Marysville, Kansas, and Mrs. J. F. McGeorge of Eureka, California.

STOCK MARKET STRONGER

New York, Nov. 12.—The stock market opened strong today following encouraging news from Russia and Italy. United States steel opened at 93 1-2 to 94 up - and 1 1-2.

NELSON-CANBERG

John Herbert Nelson and Miss Josephine Canberg motored over from Ansonville Monday morning, and were married in the Presbyterian Manse by Dr. E. C. Reeve. They were accompanied by Mr. William Strong, and Ralph Canberg. After a short visit at Ansonville, the happy couple will drive through to Swissvale, their future home, where Mr. Nelson has a lucrative position.

ART EXHIBIT

The Woman's Club has been fortunate in securing the services of Mr. Ralph H. Burfoot who will exhibit his oil and water color paintings in the library of the new high school Wednesday, Thursday and Friday of this week. Mr. Burfoot, whose summer home is in Luthersburg, is an artist of note and his collection includes some of the wonderful scenery of this county. The exhibition will be free to all those who care to see these beautiful paintings. Mr. Burfoot was the artist who painted the portraits of Ex-Judge McNally, Gordon and Krebs which hang in the court room.

HOLDING COURT AT GREENSBURG THIS WEEK

Owing to the illness of both Judges Doty and Coleman, Judge Singleton Bell was summoned to Greensburg this morning to preside over this week's session of Westmoreland county's criminal court.

James Mahaffey, Mrs. Blanche Stevenson, Mr. and Mrs. Robert Callahan and Miss Catherine Toot motored to Brookville yesterday and finding the day so beautiful had a delightful picnic dinner at the Fair Grounds.

FOUR AMERICAN SOLDIERS TAKEN BY GERMANS

These four American boys, who recently went to France with General Pershing's forces, were among the eleven Americans captured by German soldiers in their raid on the American trenches. Private Herman Goldrey of 709 North Ridgeway avenue, Chicago was inspired by General Joffre's visit to that city to enlist. Private Dewey D. Kern of Collins, Iowa joined the army May 8 of this year. Private Harry R. Loughman of 461 Oakwood Boulevard, Chicago, has a brother now training in Texas to go to the front, and his father, Steven H. Loughman, wants to go to fight in the trenches to avenge the capture of his boy. Private P. W. Grigsby of Louisville was the youngest of the Americans captured. He enlisted in the army with the consent of his parents before he was eighteen years old.

Automobile Collides With Telephone Pole

Lucky Automobile Accident On West Market Street Sunday Morning

An Overland automobile driven by R. B. Helsel struck a telephone pole on West Market street yesterday morning with force sufficient to split the pole from about the middle to the top as though it had been struck by lightning. Helsel with a couple of young men companions had arranged to go to the mountains yesterday and came down Turnpike avenue and onto Market street on their way to this side to pick up the fourth member of their party. The morning was quite foggy and as they neared Boger's store a milk wagon loomed up out of the fog immediately in front of them.

On account of the scarcity and high price of milk a collision with that wagon was simply out of the question and Helsel ran his car up over the curb and mowed down one of Boger's small shade trees and banged into that telephone pole before one could say Jack Robinson, even though one wanted to. The impact splintered the pole, the crash being heard a block away.

The car was equipped with a bumper and while the bumper did the bumping it also absorbed the force of the blow, with the result that the occupants escaped injury and aside from the breaking of a lamp and the ripping of the radiator in two or three places, the machine was alright and beat it for the repair shop under its own power, but the trip to the mountains was off.

Keep Smallpox Out

The Board of Health respectfully urges that Clearfield people take every precaution against the possible introduction of small pox into this community. There are many cases of this loathsome disease at our neighboring village of Blue Ball and in consequence grave danger of infection. Be prudent and careful and if you have not been vaccinated successfully within the past five years, you had better have that matter attended to.

While on this subject of public health, we would also ask our people to take advantage of the present fine weather and clean up about their premises. Clean the garden of all decaying vegetables. They are disease producers. Do not wait until spring. DO IT NOW.

By Order of Board,
C. G. WILSON, Secy.

Third Women Injured In Automobile Runoff

Mrs. Andrew Powell, Mrs. Alfred Jury and Miss Sarah Lawhead Hurt When Automobile Gets Away On Hill

An automobile accident occurred at Woodland last evening about 7:30 o'clock in which Mrs. Andrew Powell, of Melbride street was quite seriously injured and Mrs. Alfred Jury and Sarah Lawhead received painful cuts and bruises.

Yesterday Mr. and Mrs. Jury, Mrs. Powell, Sarah and Lillie Lawhead and Lincoln Smith went down to Mr. Jury's parents' home in Girard township to spend the day. On their return trip and while descending the steep hill into Woodland the brake broke and the automobile and its load of human freight dashed down the hill at a terrific rate of speed. Mr. Jury made every effort to stop the car but was unable to do so until it smashed into the Harrison-Walker Company store at the foot of the hill.

Shortly after the car started on its wild ride the women folks jumped out. Mrs. Powell was thrown on her head into the ditch alongside the road and striking a rock in her fall received serious injuries. It is feared her skull is fractured. Mrs. Jury and Miss Sarah Lawhead were also cut and bruised by being thrown to the ground when they jumped. Mr. Smith and Lillie Lawhead escaped without injury as did Mr. Jury who stuck to the machine until it fetched up against the building.

Another machine was secured and the injured brought to their homes here. Mrs. Powell has since remained in a semi-conscious condition and it will be several days before the extent of her injuries can be determined. Mrs. Jury and Miss Lawhead were not badly hurt.

B. R. & P. INSPECTION

President William T. Noonan, of the Buffalo, Rochester & Pittsburgh Railway, accompanied by the Board of Directors, is making the usual Fall inspection trip over the company's property this week.

The party left Rochester on a special train Monday morning. It is expected that the inspection will close at Rochester, Thursday night.

WOODLAND NEGRO DIES

Tom Betts, the Woodland negro, died at the hospital yesterday evening.

Advertise in the Progress

Big Y. M. C. A. Fund Must Be Raised Here This Week

Huge Campaign Now Well Under Way Throughout The State And Nation And Clearfield Will Not Lag

ENTHUSIASTIC MEETINGS HELD YESTERDAY

The mass meeting in the High School Sunday afternoon was addressed by Dr. F. W. Hays of New Beth-

lehem who made a strong plea for the cause for which America stands in this terrible world war and showed the ideals of the Prussian people and how the nations of the world are having to suffer because of what they have been teaching their children for a generation.

Dr. Hays believes that 5 million of our boys will be required to fight in France and that conditions in camps and prisons of our enemies are desperate and that the available agency which is being allowed to communicate with prisoners and which is authorized by our allies to stand as home, church and school is the Y. M. C. A. in the camps. Keeping the soldiers from becoming homesick and in physical trim to do their best in the service, and to return to their homes well and strong in the service the Y. M. C. A. is doing.

Dr. Hays and many other ministers thru the entire land are devoting their time and effort in this movement who have never been associated with any Y. M. C. A. work for they see that this is the work of the Christian people and the nation is responsible if we are to respond to appeals from General Pershing and President Wilson.

At the close of the meeting Judge A. O. Smith was made chairman of the County committee exclusive of the DuBois district and the following Executive committee was appointed:

J. B. Neveling Fred G. Betts
A. K. Wright Leslie Stewart
B. M. East Wm. Shreve
A. J. Musser E. V. Brown
Wm. Sheeder M. M. Overly

Charles T. Kurtz was appointed to organize the town and plan of organization is well under way.

The High school Glee club rendered three appropriate numbers at the afternoon meeting.

The ministers have recognized in this a wonderful opportunity to assist in giving the boys at the front the comforts and privileges so much needed.

Bustling, energetic "teams" of ten men start out today in every community in Pennsylvania, just as they do in every other community in the United States, to do their share in raising a fund of at least \$35,000,000, and as much more as possible, to hasten a conclusive victory for America and her allies.

This is to be accomplished by the Young Men's Christian association through its numberless activities designed to promote efficiency among the troops in the field by keeping them in good physical, mental and moral health and so promoting a fighting spirit that will drive the German into the Rhine in the shortest possible time.

The practical value of the Y. M. C. A. war work has been so conclusively demonstrated by the experience of Great Britain and her colonies ever since the war began that it is no longer open to debate. If the Y. M. C. A. spent as much money proportionately in promoting efficiency in army and navy as the Australian branch of the organization our bill to July 1, 1918, would be \$57,000,000 instead of \$35,000,000.

The practical military value of Y. M. C. A. war work is fully understood by Pennsylvania business men and they are supporting it as they have never supported any other public movement. Financiers, captains, of industry, leaders in every walk of life, many of whom have never before had anything to do with the Young Men's Christian association, men who have never before permitted the use of their names in connection with any money raising campaign for any organization or purpose, have cheerfully laid aside their business to devote all the time they seemed necessary to organizing and directing the present effort to raise funds to conduct the war work of the Y. M. C. A. And they have not forgotten to start the subscription lists themselves.

The "teams" will meet daily at noon except Sunday until November 19, to report, compare notes, give and receive advice and suggestions, while they eat luncheons which will be paid for out of their own pockets and not out of the money contributed. All hands will work on the eight hour system—eight hours twice a day until the greatest possible sum is raised; for \$35,000,000 is the minimum; not the full amount that can be spent to the advantage of the Nation and the world.

Berlin, via London, Nov. 12.—Ten thousand Italian soldiers were captured in the German-Austro advance in the upper Piave River sector, the war office statement declared today.

Another Shooting Match Occurs At Woodland Sunday Morning

Tom Betts, Alabama Negro, In Serious Condition At The Hospital From Bullet Wound In Breast

The little village of Woodland got in the news again Sunday with a shooting scrape among the colored brickyard workers located at that place. Yesterday morning at 9 o'clock a shot was heard in one of the negro boarding houses and investigation disclosed the fact that Tom Betts, an Alabama negro, who had been at Woodland for the past two months, had suffered a puncture about an inch below the heart and was in a serious condition.

The authorities were notified and Constable Barger and Sheriff McCloskey were soon on the scene.

There were eight or nine negroes in the boarding house when the shooting occurred and as no two, including the injured man, told the same story, five of the men were placed under arrest and were brought to jail while Betts was taken to the Clearfield hospital.

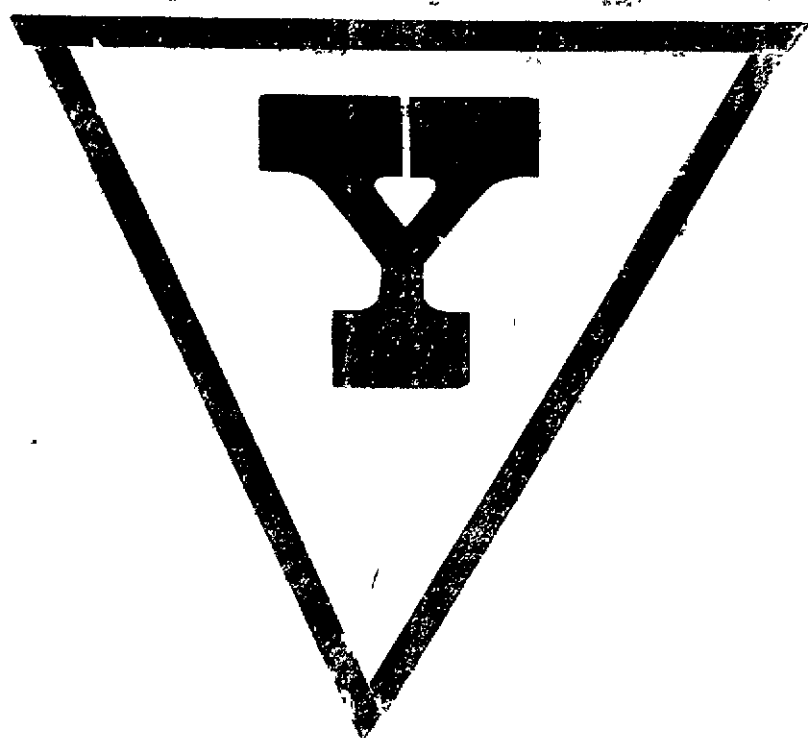

When questioned by Sgt. Young, of the Brick works, Betts said he would tell him all about the happening after he got well again, and then at the prompting of a second negro said he had shot himself.

His story was that Will Harris had a revolver which Will Davis was looking at and after inspecting same Davis handed the gun to Betts and while he was examining it, not knowing it was loaded, he pulled the trigger and sent a bullet crashing into his breast.

District Attorney Welch was notified and immediately began an investigation. He visited Betts at the hospital before the doctor began an operation for the removal of the bullet and attempted to get an ante-mortem statement from him, but as the injured man refused to believe he was dangerously injured or was going to die, the statement was of little value in case of Betts' death and subsequent discovery that the shooting was not accidental.

The inmates of the house are very close mouthed over the happening but the theory of accidental shooting is not believed by the authorities, and it is thought to have been the result of a fight between Betts and another man, and the suspects in custody have been given a careful grilling before being let go.

The doctors say that Betts' is exceedingly dangerous, and chances for his recovery are slight.

SERVICE

There is no demand you
can place upon us for any-
thing in our line that we
will not cheerfully fulfill
just as promptly as the en-
tire system of the store or
the plumbing shop can do it.

We are at your service at
all times—not just to sell
you an article or install a
plumbing system—but we
want that article to do all
and more than we claim or
the system to work with all
the precision that mechan-
ical experience can devise.

How may we serve you?

and Mrs. Ernest Peterson motored to
State College Saturday and attended
the State-Lehigh game.

Horace McCordle and Dr. McKim,
of Osceola, were Clearfield visitors
yesterday.

Mr. and Mrs. James Prindible and
daughter Helen spent Sunday with
Mrs. Prindible's parents at Westover.

Mr. and Mrs. John A. Mitchell who
have been spending the past few days
with Mr. Mitchell's parents, Mr. and
Mrs. James Mitchell of Walnut street
left today for Ridley park.

A. M. Thatcher motored to Lancas-
ter county yesterday to visit with re-
latives.

J. S. Hills and daughter Gretchen
returned home last evening from a
few days visit to State College.

Mr. and Mrs. John Dunsmore and
family and Miss Helena Black of
Philipsburg motored to Clearfield
yesterday and visited Mrs. P. T.
Walsh and family on Second street.

Mrs. Elliott Parkhill of Luck Haven,
is visiting her sister in law Mrs. E. C.
Reeve.

Mr. and Mrs. Harry Bridge and
guests motored to Osceola yesterday.

Mr. and Mrs. Francis Graham of
Philipsburg motored to Clearfield
and spent Sunday with friends here.

Mr. and Mrs. Leo Dugan of Osceola,
spent Sunday with relatives here.

Jack Mohney and family and mother
Mrs. Ida Mohney and grandson Clair
Milliron of Youngstown, Ohio and
Fred Burchfield of Philipsburg, have
returned from a week's delightful out-
ing at Gordon camp.

Mrs. John Norris, of Curwensville,
was shopping in our stores Saturday.

Mr. and Mrs. Thomas Irwin and
daughter of Bigler, were among the
busy shoppers here yesterday.

Mrs. Gearhart of Bigler, was shop-
ping in town Saturday.

Mrs. Will Norris, Mrs. Richie Far-
well and Mrs. Roy Farwell of Gram-
pian, were the guests of friends in
town over Sunday.

Mr. and Mrs. R. K. Way, of Cur-
wensville, spent Sunday with Mr. and
Mrs. Will Watson.

The Woman's club members will
meet in the Red Cross rooms tomorrow
afternoon. All members are request-
ed to be present.

Miss Grace Brown of Philipsburg,
the guest of Miss Margaret Davis.

Miss Rhoda Grace Bowes spent Sun-
day at her home in Osceola.

Mr. and Mrs. Wallace Henderson
and son Clarence have returned from
a two week's visit with relatives in
Springfield, Ohio.

Mrs. Raymond Williams is ill at her
home on DuBois street.

Miss Hannah Barton and Blair
Wilson motored to Osceola yesterday.

Mrs. David L. Krebs and Mrs.
James Horton returned home this
evening from a visit to Philadelphia.

Clark Kittleberger left today for a
week's hunting trip to Howard where
he will join a party of friends.

Lyle Senser, a member of the U.
S. army located at Washington, D. C.,
was home on a furlough over Sunday
to visit his parents.

Miss Madeline Mignot and brother
of Frenchville were shopping in town
Saturday.

Miss Laura Bailey who was injured
last Sunday in an auto accident and
who has been a patient in the hospital,
was able to be taken to her home on
West Fifth avenue yesterday slightly
improved.

Miss Lou Holden of Curwensville,
was shopping in town Saturday.

Mrs. Lance and two daughters and
Miss Ella Montelius of Curwensville,
were shopping in our stores Saturday.

Aaron Murray of LeContes Mills,
was in town on business today.

Lou McLaughlin of Curwensville,
spent Sunday in Clearfield.

Mr. and Mrs. A. E. Lutzinger have
returned to their home on Cherry
street after spending the summer at
their bungalow.

W. C. Miller left yesterday for a
business trip to Philadelphia.

U. Grant Wax, of Curwensville, was
in town on business today.

Mr. and Mrs. H. B. Hartwick left
yesterday for a trip to Cumberland,
Md.

Mr. and Mrs. Horace Whitman and
family and guests motored to DuBois
yesterday.

Frank Short, of Philadelphia, arrived
yesterday to visit his mother and
to edit the "Republican" paper during
the absence of his father.

ed yesterday to visit his mother and
to edit the "Republican" paper during
the absence of his father.

Miss Lois Fegley returned to her
home in Grampian, after a short visit
with Mr. and Mrs. William Patterson,
Jr.

Preston Knight who is with the U.
S. Survey of the Interstate Com-
merce commission is located at Os-
ceola this week.

Leland Gulich left for Lajunta, Col.
where he will spend some time.

John P. McCurdy is assisting in the
"Republican" office during the absence
of the editor.

Rev. Evans, a missionary, from
Africa, gave a splendid talk in the
Presbyterian church Sunday morning.

a business trip to Greensburg.

Mrs. H. F. Wallace returned home
last evening from a visit to Philadel-
phia and Harrisburg.

Mr. and Mrs. E. N. Hoover, Mr.
Davies and James and Edward Ryan
of DuBois, motored to Clearfield yes-
terday and took supper with Mr.
Hoover's mother, Mrs. Mary Hoover
and family on Daisy street. Mr. and
Mrs. Hoover will leave next Sunday
for Minnesota.

MANY BOYS WILL ADOPT FATH-
ERS ON NOVEMBER 15TH

According to the program no boy
will be admitted to the Father and
Son Banquets to be held in the
churches throughout the State, on
Father and Son Day, Thursday, No-
vember 15th, unless he is accompa-
nied by a man, and no man will be ad-
mitted unless accompanied by a boy—
his or someone's else.

Many fatherless boys are conse-
quently planning to "adopt" fathers
for that night in order to attend one
of the big banquets.

'Thousands of banquets will be held
in the Sunday-Schools of the state.
The banquets will be of a patriotic
cast, owing to meat being eliminated
from the menu.

The same general program will be
followed in all the banquets. The
theme will be "Success in Life—Some
Things That Enter In to Make It."
There will be talks by boys as well as
by the fathers.

The outstanding feature of the pro-
gram will be the introduction of a
great wartime movement for teen age
boys and girls, to be known as the
"Bin-Wac Home Guards." The pur-
pose of the movement is to challenge
boys and girls to safeguard the home
ideals while our soldiers fight for
these same ideals on the battlefields
of Belgium and France.

The observance of the day will be-
gin in churches and Sunday schools
the Sunday preceding November 15th.
In the morning service, pastors will
preach to parents a special sermon on
"Boyhood."

In the Sunday-school the day will
be observed by a special program
which will be largely in the hands of
the boys.

The climax will be reached on
Thursday night, the 15th, when thou-
sands of fathers and sons will gather
together in the churches in a great
series of meatless, patriotic Father
and Son Banquets.

In order that the banquets are pur-
poseful in character, and that the
greatest amount of permanent good
may result, the Pennsylvania State
Sabbath School Association, of 1511
Arch Street, Philadelphia, has pre-
pared a comprehensive program to all
local church Father and Son Day
Committees, in planning for the ob-
servance of the day.

TO INSPECT THE MISSISSIPPI

St. Louis, Mo., Nov. 12—The mem-
bers of the Mississippi River commis-
sion will meet for their usual Fall
session on the steamer Mississippi
here tomorrow. Following the ses-
sion the commission will begin an in-
spection trip from St. Louis to New
Orleans and will give public hearings
at points along the route on matters
connected with the improvement of
the river.

BAZAAR AND LUNCH

The Ladies Aid society of the E. E.
ninth street M. E. church will hold a
bazaar and serve a lunch at their
church on Friday evening, November
30.

WOMAN'S CLUB ATTENTION

The members of the Woman's Club
will meet at the Red Cross rooms to-
morrow at 2 o'clock.

Misses Julia Bell and Helen Duff
who have been attending fraternal
house parties at State College return-
ed home this evening.

Subscribe for The Progress.

SLUMP IN AUTO LICENSES HITS STATE CAPITAL

October of This Year Fell Be-
low Last Year in Revenue
Collected by Highway Dept.

HIGH COST O'LIVIN IS BUSY

Harrisburg, Nov. 10.—It may be
Liberty Bonds; it may be the rising
price of gasoline; it may be H. C.
O'Livin, or it may just be due solely
to that force and merciless strategists'
Old General War Conditions. But
whatever the cause, the fact remains
that the Pennsylvania State Highway
Department already is seeing signs
that next year will bring a pronoun-
ced slump in the number of automobile
licenses and, correspondingly, in the
amount of cash receipts therefrom.
This has been expected.

During October, 1916, the Auto-
mobile Division took in \$34,652 for li-
censes for 1917, ordered in advance by
the forwarders. Last month the corre-
sponding receipt for the new 1918 li-
censes ran to only \$32,960. This is
the first time such a slump has been
noted in advance. The slump this
year from last year is not merely a
total cash receipts but in the individ-
ual number of cars, too. It may, of
course, be simply a coincidence; but
state officials think not; they believe
that the 1918 accounts will fall be-
hind the 1917 figures as a regular
thing.

If this belief prove true, the year
1917 will continue to carry the bac-
ker, for some time, for all records
long ago went by the board. Indica-
tions for a while were that 1917 would
run a million dollars ahead of 1916 in
total receipts, but the excess will be
not quite that big.

Total receipts for 1917, to Novem-
ber 1, were \$3,247,147.50, compared
with \$2,304,818.50 for the first ten
months of 1916. Licenses recently
have been bringing in from \$1,000 to
\$1,500 per day but that average will
not be maintained; daily receipts, of
course, will grow less and less as the
year-end approaches. It is probab-
ly that the year's grand total will run
to \$3,270,000.

Even so, the automobile license re-
venue is one of the biggest items in
the state's receipts. Annual receipts
have mounted steadily ever since 1904,
when the licensing was first started
simply as a police measure. Receipts
that year were less than \$40,000. Last
year, when the \$2,000,000 mark was
passed, the item attracted attention
which was by no means confined to
Pennsylvania.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each
morning and wash away the
poisonous, stagnant matter.

Those of us who are accustomed to
feel dull and heavy when we arise;
splitting headache, stuffy from a cold,
foul tongue, nasty breath, acid stom-
ach, lame back, can, instead, both look
and feel as fresh as a daisy always by
washing the poisons and toxins from
the body with phosphated hot water
each morning.

We should drink, before breakfast,
a glass of real hot water with a tea-
spoonful of limestone phosphate in it
to flush from the stomach, liver,
kidneys and ten yards of bowels the
previous day's indigestible waste, sour
bile and poisonous toxins; thus cleans-
ing, sweetening and purifying the en-
tire alimentary tract before putting
more food into the stomach.

The action of limestone phosphate
and hot water on an empty stomach is
wonderfully invigorating. It cleans
out all the sour fermentations, gases,
waste and acidity and gives one a
splendid appetite for breakfast and
it is said to be but a little while until
the roses begin to appear in the
cheeks. A quarter pound of limestone
phosphate will cost very little at the
drug store, but is sufficient to make
anyone who is bothered with bilious-
ness, constipation, stomach trouble or
rheumatism a real enthusiast on the
subject of internal sanitation. Try
it, and you are assured that you will
look better and feel better in a very
short way.

PUTS KIBOSH ON GERMAN
OPERA

New York, Nov. 12—German song
birds and the works of German com-
posers have been eliminated by the
management of the Metropolitan
Grand Opera company from the pro-
gram prepared for the annual season
which is to be ushered in at the Me-
tropolitan Opera House tonight. The
opera this year is to be given an
American flavor to a greater extent
than ever before. The appearance of
six new American women singers and
the production of five operas and
ballerina to New York—one of the
operas and the ballerina the work of
American composers—will add inter-
est to the season.

JUBILEE OF WOMAN'S MISSIONS
BOARD

Boston, Mass., Nov. 12—The com-
pletion of fifty years of missionary
work for the women of non-Christian
lands is to be celebrated by the Wom-
an's board of Missions at a grand ju-
bilee meeting in Boston this week. It
was in this city, in the chapel of the
famous Old South church, that a
group of forty representatives of women
met to organize the Women's Foreign
Missionary society of New England,
which later became the Woman's
Board of Missions of the General
Council of the United Church of
Christ in America.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache
or have Bladder trouble

Meat forms uric acid which excites
and overworks the kidneys in their ef-
forts to filter it from the system. Reg-
ular meat eaters must flush the kid-
neys occasionally. You must relieve
them like you relieve your bowels; re-
moving all the acids, waste and poi-
son, else you feel a dull misery in the
kidney region, sharp pains in the back
or sick headache, dizziness, your stom-
ach sour, tongue is coated and when
the weather is bad you have rheumat-
ic twinges. The urine is cloudy, full
of sediment; the channels often get
irritated, obliging you to get up two
or three times during the night.

To neutralize these irritating acids
and flush off the body's urinous waste
get about four ounces of Jad Salts
from any pharmacy; take a table-
spoonful in a glass of water before
breakfast for a few days and your
kidneys will then act fine and bladder
disorders disappear. This famous salts
is made from the acid of grapes and
lemon juice, combined with lithia, and
has been used for generations to clean
and stimulate sluggish kidneys and
stop bladder irritation. Jad Salts is
inexpensive; harmless and makes
delightful effervescent lithia-water
drink which millions of men and women
take now and then, thus avoiding
serious kidney and bladder diseases.

COST OF MAKING LOVE
RAISED BY GOVERNMENT

Taxes Hit Every Phase of Love-Mak-
ing Except Kisses, Which Re-
main at the Same Price

The government has "socked" on the
new war tax. With it the cost of
courtship goes up. The new tax hits
every phase of lovemaking except the
kisses. They will remain at the same
price. The government did not tax
them, believing probably, that they
are already expensive enough. Here's
the bad news, Lothario:

Three-cent stamps on love letters.
Ten cents extra for theatre tickets.
Additional price for phone calls
over the 15-cent rate.

Ten per cent. on movie tickets.
Increase in taxi rate.
War tax on cigars for father.

Ten per cent. increase on engage-
ment rings.
Special war stamp on marriage li-
censes.

Tax on honeymoon tickets.
No more time to do your matrimo-
nial shopping at the old rate.

Eight per cent. increase on railroad
tickets over 30 miles.
Engagements at the front will be
much cheaper than those at home.

Young man, join the army.

TO CONSIDER TAX QUESTIONS

Atlanta, Ga., Nov. 12—The eleventh
annual conference of the National
Tax association in Atlanta this week
promises to attract more than ordi-
nary attention because of the many
and important new problems of tax-
ation that have arisen with the war.
Meeting in conjunction with the as-
sociation will be the first session of the
congress of states to work out plans
for county between the Federal gov-
ernment and the states with regard
to tax matters. The idea of the con-
gress of states, originated with the
California Tax commission. On its
recommendation the California legis-
lature formally ratified a proposal for
a meeting of all the states to discuss
the overlapping in tax jurisdictions
of the Federal and state governments.
A large majority of the states have
given the movement official endorse-
ment and have arranged for represen-
tation at the meeting here this week.
